PARR'S LIFE PILLS—SUMMER MEDICINE.
THIS popular medicine should be taken by every one valuing their health No matter how well you may feel, the change of season imperatively demands a cleansing of the system, and being without mercury, are particularly calculated for being taken with safety at this changeful period. The proprietors beg to state to Spanish Portuguese, German and French Houses that this popular medicine is put up with wrappers and directions in each of those languages accompanied with a neat book with engravings of the Life and Times of OLD PARR, whose prolonged life of 152 years has long been a subject of curious speculation to those who have wished for length of days. Many medical men and those acquainted with physiology, have deduced from the history of Thomas Parr, that the use of a Herbal Medicine and regular habits of life, are the predisposing causes which led to the number of his days! As this opinion is corroborated by an extract from Parr's Life, Will and Testament, such deduction is reduced to a certainty

The subscribers having by purchase become the proprietors of this medicine, now offer it as a valuable remedy to the public The hundreds of unsolicited testimonials of its efficacy in their possession, warrant their soliciting any one who may suppose Parr's Life Pills to be one amongst the many quack nostrums offered to the public to convince themselves by a call at their office or any of their agents in New York, amongst whom they number all the principal Druggists

THERE has never appeared a medicine, which, while it can do no harm is calculated to do so much good, They excite a healthful perspiration, and open all the natural drains of the system The obstruction of Insensible Perspiration is the cause of a great proportion of human suffering These pills possess the power in an extraordinary degree, of removing all obstructions, and restoring a healthful circulation They must undoubtedly supersede all other purgative medicines, as they have a four fold action viz a discharge by the bowels, lungs kidneys, and skin

Children will not hesitate to take them, and they may be relied on beyond any other remedy as an effectual and safe Medicine for WORMS, and all complaints incident to children More children have been cured in New York the present year, by the use of Dr SMITH'S Pills, than all other medicines combined as there is no need of forcing them down like other medicines

One important advantage in taking these pills is, they do not gripe, nor produce nausea nor any other unpleasant sensation Pills have, in thousands of instances, produced Piles, and other consequences far worse than the disease for which they were administered This is particularly guarded against in the combination of the many ingredients of which Dr. Smith's pills are composed thus rendering them HARMLESS

These pills are made of the purest materials, and we have the satisfaction of having proved to the Medical Faculty, that they possess uncommon virtues

The directions, and treatment of diseases, accompany every box in a circular of 4 pages

Dr Smith's "Indian Vegetable Pills" have proved invaluable to [...] in the cure of violent HEAD ACHE pain in the side and stomach—for children, no better medicine can be produced In the case of our little girl, two years old, the most happy effects have resulted from their use I have never known a medicine which I could so confidently recommend as these pills, R THOMPSON, 56 Northmore street.

The following lady is too well known in New York for her intelligence and philanthropy to be doubted

[From the Matron of the U S Naval Hospital]

Accustomed as I am to administer to the sick, I can appreciate a valuable medicine. If there be a medicine adapted to the numerous ailments of mankind, it is Dr Smith's Sugar Pills I have used them and seen them used with the most astonishing results, in several instances within my knowledge, restoring the patient from extreme lowness and suffering to strength and health For ladies during pregnancy, these pills are a sovereign balm. I recommend them to all as a valuable FAMILY MEDICINE

Dr Smith's "Sugared Indian Vegetable Pills" have been used in the Eldridge St. Debtor's Prison with uncommon satisfaction I have never heard a medicine spoken of with more interest by those who have taken these pills JAS J BEVINS, Deputy Sheriff.

[AN EXTRAORDINARY CURE]

I have to record an instance of unparalleled suffering, which must have terminated my existence had not Dr Smith's 'Sugared Indian Vegetable Pills" come to rescue In the Fall of 1843, I had a scrofulous affection, which nearly covered my body with sores, and rendered me unfit for life In the course of two months I was attacked with fever, which raged with great violence I took many prescriptions, but without getting relief My suffering was great Mrs Gould (whom I shall ever remember with esteem) advised me to use these Sugar Pills, which I took in large doses a few days, when the fever and pain abated I continued these pills in small doses, about five weeks, when my fever and Scrofula were cured, my blood completely purified, and I am gaining health improved

I am certain I owe my life, under Providence, to the use of these pills. E M PARK, New York

[From Jas M Turner, Esq, late of the U S Navy]

I have been afflicted several years with a weakness in the breast costiveness and difficulty of breathing I was lately more than ever troubled though I had taken many prescribed remedies Through the advice of a friend I procured Dr Smith's Latent Sugared Pills, which I used, and they have not only relieved, but entirely cured my complaints My wife has also used them with the most happy effects I believe them the best medicine in the world

WRIGHT'S
Indian Vegetable Pills,
OR INDIAN PURGATIVE.

THOUGH many medicines have been before the public for a much longer period that Wright's Indian Vegetable Pills, yet none stand now in higher repute or has more rapidly attained a firm hold upon popular estimation The thousands that have used them throughout the length and breadth of the Republic all bear cheerful testimony to their thorough efficacy and mild operation, when employed in the most distressing disorders which flesh is heir to To those however who have not used them who are suffering in the incipient or advanced stages of disease, and who are looking round for weapons wherewith to combat the Destroyer—intelligent inquirers who must be satisfied with the theory and principle of a course of medical treatment, before they commence, it becomes necessary to make a few preliminary remarks on this invaluable medicine

The theory of disease on which WRIGHT'S INDIAN VEGETABLE PILLS are founded is this, viz That there is only one primary cause of all the disorders which afflict the human family, and that is corrupt humors—or, in other words Impurity of Blood This principle is now so generally admitted, that it may in fact be said to be sustained by an universality of opinion—the few disbelievers constituting but a very feeble minority It is useless, therefore, to discuss the soundness of this theory in this place and connection

The ONE DISEASE PRINCIPLE being admitted, the mode of attack professed by all practitioners becomes the same, viz *Purgation* But many of the so called specifics now before the public produce only one form of purgation, they are either Sudorific, Cathartic, Diuretic or Expectorant—Wright's Indian Vegetable Pills combine all these properties, and are therefore calculated to attack the elements of disease at all points, and by a harmonious and combined operation to expel it radically from the system Their effect is almost magical, and is no less astonishing for its mildness than its efficacy Both sexes and all ages may employ them according to the direction without fear for while they are certain to cure ALL DISEASES that are remediable, they *never* inflict an *injury* upon the system

The ORIGIN of this invaluable medicine entitles it to unlimited confidence and respect The nearer we approach to nature, in our researches after truth both in science and art the more complete will be our success in both Look at the uniform physical condition of the Indian Tribes of this continent whether exposed to the frosts and storms of the North, or to the rain, heat, and pestileptial miasma of Southern climate Houseless, unprotected exposed to every atmospheric change, every extreme of the seasons, dwelling at times in morasses and by the margins of unhealthy pools and swamps—they yet enjoy an almost total immunity from disease while the white man, who enjoys all the comforts of civilization with its attendant arts is as much inferior to the savage in physical vigor as he is superior to him in intellectual acquisitions—How does this happen? Simply because bereft of the light of science, he relies upon that divine instinct which impels him to select from the produce of the field and forest those remedies which Nature and Nature's God has bounteously provided for the solace of suffering and the mitigation and cure of disease—sowing them broadcast on every hill and valley. Let those who impiously arraign the goodness and justice of Divine Providence and point with a sneer to the multitude of invalids who lie groaning upon beds of sickness, turn from the false lights of man and study the secrets of nature and they will adore that mercy which has so bountifully provided a cure for every wound—*a remedy for all who seek one*

These Pills as we before remarked operate by purgation—by thoroughly cleansing the entire system from all impurities, and making the invalid in the homely but expressive phrase a new man whether the disease is INCIPIENT CONSUMPTION which insidiously attacks the Lungs producing that dry, hacking cough so painful to the friendly ear, or Cutaneous, showing itself upon the skin in eruptions or blotches, whether the Kidneys or the Bowels be affected—*Wright's Indian Vegetable Pills* are equally efficacious in warding off danger Their expectorant cathartic, sudorific and diuretic qualities enable them to take hold of each form of disease

The *perfect safety* of the medicine is another all important quality and one which has contributed more than any thing else to its extension and popularity

In a word, this medicine commends itself strongly to the patronage of the public and its use bids fair to become, before long, ALMOST UNIVERSAL.

CAUTION
The citizens of New England are respectfully informed that in consequence of the great popularity which Wright's Indian Vegetable Pills have earned by their astonishing goodness a gang of Counterfeiters are now industriously engaged in palming on the unsuspecting a VALUELESS and perhaps dangerous medicine, under the name of Indian Vegetable Pills

BEWARE OF A L NORCROSS of Hallowell Maine, who is selling COUNTERFEIT PILLS

This is to inform the public that the genuine medicine has on the boxes—

"WRIGHT'S INDIAN VEGETABLE PILLS."
—Indian-Purgative—

OF THE NORTH AMERICAN COLLEGE OF HEALTH

And also around the border of the label will be found in small type—

"Entered according to Act of Congress in the year 1840 by William Wright in the Clerk's Office of the District Court of the Eastern District of Pennsylvania"

The public will also remember that all who sell the genuine Indian Vegetable Pills are provided with a certificate of Agency signed by WILLIAM WRIGHT, *Vice President Of the North American College of Health*

And that pedlars are never in any case allowed to sell the genuine medicine All traveling Agents will be provided with a certificate of agency as above described, and those who cannot show one will be known as base impostors

The following highly respectable persons have been appointed Agents for the sale of the above named

Wright's Indian Vegetable Pills.

MISCELLANEOUS.
At the Evening time it shall be Light.
BY MRS SIGOURNEY

Walk with the Lord at morn,
When every scene is fair,
While opening buds the boughs adorn,
And fragrance fills the air,
Before the rosy dawn awakes,
And in thy being's pride,
The first young blush of beauty, make
Omnipotence thy guide

Walk with the Lord at noon,
When fervid suns are high,
And Pleasure with her treacherous boon,
Allureth manhood's eye,
Then with the diamond shield of prayer,
Thy soul's oppressors meet,
And crush the thorns of sin and care
That bind the pilgrim's feet

Walk with the Lord at eve,
When twilight dews descend,
And Nature seems a shroud to weave,
As for some smitten friend,
While slow the lonely moments glide,
On mournful wings away,
Press closer, closer, to his side,
For He shall be our stay

Even shouldst thou linger still,
Till midnight spreads its pall,
And Age laments, with bosom-chill,
Its buried earthly all,
Thy withered eyes a signal bright
Beyond the grave shall see,
For he who maketh darkness light,
Thy God, shall walk with thee

Love your Enemies.
And who can love their enemies? Can you [...] Are you sure that you can love your enemies? Think, again and again investigate the question Not their actions but their souls Jesus Christ loved his enemies and laid down his life for them—can *you* do it? Suppose yourself injured by another, what then? is it as of old time, eye for eye, or tooth for tooth? What sayest thou? Being smitten on one cheek, canst thou turn the other also? Hast thou food for thine enemy's hunger? drink for his thirst? prayers for his abuse and persecution? There cannot be a dodging of the question, and it must not be attempted Christ has set the example, and enjoined the duty, You as a christian say you will follow his example and obey his commandments, do you do it in this matter do you love your neighbor as yourself? do you do unto others as you would have them do unto you? Come to the point and conclude according to the testimony of your conscience? Do you ever do it in this thing? will you do it hereafter? will you do it *now*?

Settle the matter now, O Christian, whether you can love your enemies If you cannot, then away goes your Christianity—you cannot tell w Christ your profession is vain—the great day is at hand—learn to love your enemies

Immense Telescope.
The Earl of Rosse has been engaged for more than two years in the construction of what is called a "Leviathan Telescope" It is nearly completed, as we learn by the last English arrivals, and a partial trial has been made of its powers, which proved highly satisfactory The learned Dr South, writing of it, says, "Thus then we have, thank God, all danger of the metal before it could be polished overcome—Little more, however, will be done to it or with it for some weeks, inasmuch as the noble Earl is on the eve of quitting Ireland for England, to reside at York, his post as president of the British Association, and to visit his noble relatives at Kirkwick and at Brighton This done he returns to Ireland, and I look forward with intense anxiety to witness its first severe trial, when all its various appointments shall be completed, in the confidence that those who may then be present will see with it what man has never seen before The diameter of the large metal is six feet, and its focus is fifty four feet Yet the immense mass is manageable by one man Compared with it, the working telescope of Sir William Herschel, which in his hands conferred on astronomy such inestimable service, and on himself astronomical immortality, were but playthings"

Father Mathew.
The Ipswich (Eng.) Express announces with regret that the worthy man, the great Apostle of Temperance has become involved in pecuniary difficulties, in consequence of engagements contracted by him in connection with the temperance reformation in Ireland It was hoped however, that the friends of temperance generally would come forward to the assistance of one who has made so many sacrifices in that good cause and shown himself in every action of his life a thoroughly disinterested and devoted philanthropist

Read the following and then imagine if possible the unlucky fellow's sensations at the pathetic whisper of his 'deary'

I kissed the tiny hand I held,
I pressed the fairy form,
I vowed I'd shield her from the blast,
And from the world's cold storm,
She raised her melting eyes to mine,
They were filled with drops of woe
With quivering lips she faintly said

5. Resolved—That it is no part of our design to aid in the formation of a political party—our object being exclusively of a moral, philanthropic and religious nature, such as men of all political sects may unite in, and that we shall consider the object of our Association as having been attained, when there shall come to be a deep and universal conviction throughout the land, that immediate emancipation is equally the duty of the master and the right of the slave.

6. Resolved—That the weapons of our warfare are neither bitterness nor wrath, malice nor revenge, but truth and love, which, though moral, are yet mighty, though God, to the pulling down the strong holds of oppression."

The President of this Society was JOHN GODFREY, Esq. and among the officers were the following named persons;

JOEL HILLS,
TIMOTHY CROSBY,
CHARLES PLUMMER,
GEORGE A THATCHER,
CHARLES A. STACKPOLE,

This standard of 1837 has, as we have already shown, some authority, and why new tests should be thrown in we do not understand. Upon this platform the Abolitionists of Bangor were willing to stand and labor together and this was solemnly declared as the appropriate and enduring standard. If others have seen fit to trample upon these solemn pledges to the public and to each other, we deny their right to denounce those who do not choose to follow in their foot-prints.

Duty to be performed to day.

We wish to impress upon the whigs of Bangor the importance of devoting sufficient time to-day to the examination and correction of the Ward lists of voters. Some names appear twice—the names of others appear who are known not to be entitled to a vote here—the names of others who are voters are not on the lists. If we could spare time from the duties of our office we would devote our time to this labor, but we cannot and others must perform it or the work be neglected.

It is important too that the whigs in the several wards be aroused to their duty, and efforts made to secure a full vote on Monday

The locos are making efforts and gathering their hosts for a full vote.

The Liberty party are pushing their infatuations to the extreme to retain their voters. By judicious efforts many of this party may be brought in this election to vote with the whigs where many of their sympathies and much of their interest still are. The Liberty party in Ohio and in Connecticut have set a worthy example in voting for the Clay electors and no doubt this example will be followed here.

By proper exertions the whig majority here may be increased and if the whigs are true to themselves they will make a generous effort to do so on Monday next. The swindling course of the locos in Pennsylvania by representing Mr. Polk as more of a tariff man than Mr. Clay should be rebuked here by an emphatic vote.

Whig Ward Committees a great duty devolves upon you and now is the favorable moment for earnest, appropriate action.

Whigs of Bangor, one and all, let us urge you to work to-day that on Monday next our good whig city may maintain her ancient honor and bear off the palm of victory and deserve the meed of praise. Give yourselves zealously to the work. Leave no honorable effort untried "Quit you like men—be strong."

☞ Owners of hogs who permit them to run at large in our streets are warned against the practice. We have heard some imprecations, not loud but deep, against the mischiefs and damage they inflict. It is feared that some of our people will poison hogs found doing damage about their dwellings and we caution owners of hogs to keep them confined.

NEW YORK
HAS SPOKEN!!
Let the Whigs of Maine Respond to the Call!

Gilman's Express which left Boston on Thursday afternoon at five o'clock and came to this city by land, brought us the following glorious, heart-cheering intelligence which we hasten to lay before our readers and the public and in which we have the most unbounded confidence. NEW YORK, OHIO, MARYLAND VIRGINIA, how glorious they have spoken in favor of HENRY CLAY AND THEODORE FRELINGHUYSEN.

We have extras from the New York Tribune and Express and from the Boston Atlas Extra from which our returns are gathered.

The Atlas says:—

BROTHER WHIGS—Most sincerely do we congratulate you, on this happy result. Our highest hopes for our Country are now fully realized. The deep cloud of doubt that, but just now, hung over her destinies, has been happily dispelled. Heaven has prospered our cause. Our Country is safe.

In this fortunate turn of the great contest, let us behave like MEN, like AMERICANS. Let us be calm—moderate—tranquil. We have beaten our political enemies—and that is enough. Let us not seek to irritate them, by taunts and reproaches. Let us remember that, after all that has happened, they are our fellow-citizens—and let us be thankful that we have been able to save them from the misery and ruin in which their own measures, if fully carried out, would inevitably have involved them, and us, and common Country.

We now proceed to our returns.

New York Election.

We have the most unfeigned satisfaction in laying before our readers the following glorious result from the Empire State. There can be scarcely a shade of doubt that the Electoral Vote of New York has gone for CLAY and FRELINGHUYSEN. Our returns cover nearly one half of the vote of the State. We have lost, thus far, only 928 votes from the Election of 1840, when Gen. Harrison carried the State by a majority of 13,290 votes. There is scarcely a possibility that, in the remainder of the State, the balance of that majority can have been overcome. Our great Whig Counties of the West are yet to be heard from. We cannot but believe that they have done their duty, and sustained their portion of the great Whig cause.

The following are our New York returns:

Intelligence was received at Boston just before the train left, that Washington County had given a net gain of 400 votes over 1840.

The above are our carefully collated returns from the City of New York, and twenty-one other Counties of the State. In this portion of the State, POLK's majority, at this Election, is 5,119

VAN BUREN's majority in 1840, in the same Counties, was 4,191

Making a net Loco Foco gain in these Counties of only 928

The following are the returns of members of Congress elected in New York, as far as heard from:

CONGRESS.

1st District—Queens and Suffolk—Jno W Lawrence, Loco, in place of Sela B. Strong Loco.

2d District—King's and Richmond—Henry J. Seaman, Whig and Native, in place of Henry C. Murphy, Loco.

3d District—1st, 2d, 4th, and 5th Wards of the city—William S. Miller, Whig and native, in place of J. P. Phœnix, Whig.

4th District—6th, 7th, 10th, and 13th Wards —W B. Maclay, Loco, probably re-elected.

5th District—8th, 9th, and 14th Wards—Thomas M. Woodruff, Native, elected in place of Moses G. Leonard, Loco.

6th District—11th, 12th, 15th, 16th, and 17th Wards, now represented by Hamilton Fish, Whig, William W. Campbell, Whig and Native, is elected.

7th District—Westchester and Rockland—Joseph H. Anderson, Loco, re-elected.

8th District—Putnam and Dutchess Wm. W. Woodruff, Loco, in place of R. D. Davis, Loco.

9th District—Orange and Sullivan—Archibald C. Niven, Loco, in place of James G. Clinton, Loco.

10th District—Ulster and Delaware—Samuel Gordon, Loco, in place of Jeremiah Russell, Loco.

11th District—Green and Columbia—John F. Collin, Loco, in place of another Loco.

In the Senators and Assembly men, the Whigs and Natives have made large gains.

MARYLAND ALL SAFE.

Our good Whig State of Maryland has covered herself all over, with a bright mantle of glory. We have carried the Electorial vote of that State, by over **3,000** majority. The following letter, says the Atlas, from our highly intelligent and accurate Baltimore correspondent, tells the whole story in unmistakeable language.

Correspondence of the Atlas

THE VICTORY IN MARYLAND.

BALTIMORE, Nov. 5, 1844.
Tuesday, 6 P. M.

We sweep the State and scarcely leave a County for the Loco Focos. Clay's majority every where are so decisive, that all interest in the details has nearly closed. The following are the returns we have received.

THE BUCKEYE STATE.

LOOK OUT FOR THE OHIO AVALANCHE.

The Whigs of Ohio have nobly come forward to the rescue of their Country. Every additional return, that we receive from that State, adds new lustre to the grand victory gained by the gallant Whigs. There is a Whig gain in nearly every County in the State. In 48 Counties, out of 81 in the State—there is a net Whig gain of 4000 votes over the Governor's election, in October when BARTLEY the Whig Governor, was elected by 1319 majority. CLAY's majority will be at least 6000.

VIRGINIA COMING IN.

CLEAR THE WAY FOR THE ANCIENT DOMINION.

We have the following returns from the State of Virginia—which show a net Whig gain of 528 votes, in the 21 Counties heard from. It will be remembered that this is not the portion of the State from which any great gain was expected—as the *Western Counties* have been looked to as part of the State in which the greatest gain would be made, by the Whigs, in the Presidential Election. We are clearly of opinion that, if the doubtful Counties are reported, correctly, the Old Dominion has given her Electoral Vote to her noble Son.

In the Counties marked thus,* the polls were not closed.

The County thus,† is Mr. Clay's Native County. It gives him a majority, and a gain of 102 over Gen Harrison's vote.

The Counties marked thus,‡ we received from our Baltimore correspondent—who says they came to that city by the Southern and Western mails—but he states that they are doubtful. They belong to what is called the "Tenth Legion"—the very sink of Loco Foco iniquity.

We find the following in the New York Courier & Enquirer of yesterday afternoon: Morgan County doubtful—not more than 10 or 15 either way. Harrison's majority 31—Clark, 25 majority for Polk. In 1840, 17 majority for Van Buren—Fredrick County, Polk's majority 72 Whig loss 84.
